BRIEF ABSTRACT OF LETTER

Submits for orders the offer of certain lands and a garden in the Somatanumanahalli Village, Bangalore Taluk, by Mr J R A Thumboo Chetty, C I E as an endowment for maintaining a Village School in that place

NOTES AND ORDERS

1 The I.G.E. suggests that as the revenue from the lands and garden may prove uncertain in seasons of scarcity, they may be sold and the proceeds invested in Govt paper which would give a definite income according to which the

The Thumboo Chetty's offer is certainly laudable, but while thanking him for it I warned all him that Govt are unable to accept any endowment the annual income from which is not certain, especially when such acceptance involves the establishment and maintenance by Govt of an institution at the cost of Govt. If the Village in question is in real need of a school, the necessary action may be taken by the DPI

SIR

I have the honour to inform you that Mr I R A Shanmukha Chetty B A, Rajadharma Pravina owns lands in the Village of Sonnatammanahalli in Krishnarajapura Hobli, Bangalore Taluq, which yield a net rent of Rs 1000 over and above the assessment including Local Cess He has also in the same Village from 800 to 1000 grafted mango trees which are expected to yield Rs 1000 per annum at present and more in future. The village contains a population of 200 and has 30 houses The Roman Catholic Mission has a Chapel in the Village Mr Shanmukha Chetty in his letter dated 17th February 1904 requests that Government may be good enough to undertake the management of the lands, and the mango garden which he proposes to make over to Government, and from the income derived from them to maintain

a school in the village He requests that, if his offer is accepted by Government, with the general education usually imparted in a primary school, some practical agriculture may also be taught Mr Shamba Chetty's letter was forwarded to me by the Deputy Commissioner of Bangalore with his R No 1828, dated 19th February 1904, A Copy of my reply to the Deputy Commissioner No $\frac{7873-4}{53}$ dated 23rd February 1904 is herewith enclosed for your information In reply to my letter the Deputy Commissioner in his docket No R 2122 dated 22 march 1904 requests me to make a reference to Government on the subject

As my views are stated in my letter No $\frac{7873-4}{53}$ dated 23 February 1904 to the Deputy Commissioner of Bangalore I need not repeat them here I request the favour of Government orders on Mr Shamba Chetty's offer

SIR

With reference to your letter R W 1828 dated 19th February 1904, I have the honour to inform you that I should be glad to further the object of Mr I R A Thambu Chetty in founding a Village School in Sonnathammanahalli in Krishnarajpet Hobli As however the revenue from the lands may prove uncertain in seasons of scarcity and the produce from fruit trees so well known to be uncertain, I would suggest that the property may be sold and the proceeds invested in Government paper which would give a certain income according to which the scale of establishment may be regulated As the income in any case is likely to be small the teaching of practical agriculture as suggested by Mr Thambu Chetty can only be carried on by the master who will also teach

the General subjects A teacher trained in Agriculture in a Normal School may be employed to teach both the general and special subjects

2 If Government however have no objection to accept the property in its present form and to appoint the Amildar of Bangalore as sole manager, and Trustee Ex-officio of the property, the Amildar may be directed to pay to the Comptroller the annual proceeds The Comptroller will keep a separate account of the Endowment Fund, and from the income the Inspector General may with the help of the Deputy Inspector of the Bangalore District maintain a village school in Sonnatammanahalli as desired by Mr T R A Shamboochetty

SIR,

With reference to your docket No (2109)-10- dated 15th September 1904, I have the honor to inform you that I consulted Mr Thumbu Chetty and that the population of Sonnatammanahalli is said to be 200, and it is expected that 20 boys and 10 girls will attend the school. As Mr Thumbu Chetty desires to teach some practical agriculture an intelligent teacher on Rs 12 to 15 will be required, and the school farm will cost about Rs 100 to start with and a small grant every year. An old building will be provided for the school by Mr Thumbu Chetty, and a new one will be built by him if half the cost is given by Government as a building grant.

2 Mr Thumbu Chetty is willing to deposit Rs 2000/- with Messrs Arbuthnot & Co at 5 per cent interest in order to

guarantee an income of Rs 100/- a year to the school if the expected revenue from the lands should fail It was suggested to Mr Thumbu Chetty that this deposit alone without being associated with the proposed arrangement for the management of the village would suffice as an endowment for the school He does not approve of the suggestion

Correspondence ending with letter No 4428/257 dated the 17th October 1904 from the Inspector General of Education in Mysore regarding the endowment of certain lands by Mr T R A Thumboo Chetty, C I E for founding a Village School at Sonnatimmanahalli in the Bangalore Taluk

--- -----

Order thereon of (5220-22) -6-

Dated Bangalore, 17/12/04

Mr T R A Thumboo Chetty, C I E, proposes to endow the marginally noted lands and garden in the Sonnatammanahalli Village in the Bangalore Taluk, for founding a Village School at that place The net income expected from the said lands and garden is estimated at Rs 200 per annum As Mr Thumboo Chetty desires that some practical agriculture should also be taught in the school the Inspector General estimates the cost as follows -

1 Teacher on Rs 12 ~~or~~ 15 per mensem

2 Initial expenditure of Rs100 for the school farm

3 A small grant for the farm every year

Thus

Survey Nos 2 to 10, 13 and 34 to 49 measuring in all about 230 acres

7-12-04

Thus the annual cost of the school will be about Rs 200 per annum which can be met from the income of the lands But as the income from lands is always of a fluctuating character, Mr Thumboo Chetty has offered to deposit Rs 2,000 at 5% interest with Messrs Arbuthrot and Co, in order to guarantee an income of Rs 100 to the school in case the expected revenue from the lands should fail - Both the endowment & deposit offered will be accepted with thanks, & a School under the Govt Inspector will be opened in the land Village at an early date The income from the endowment will be utilised only for the maintenance of the school from the balance being allowed to accumulate & Thumboo Chetty A suggestion may however be made that the accumulated balance of interest may be added to increase the principal of the trust money

2 The Inspector General of Education is requested to carry out the wishes of the donor and also to arrange for the execution of the necessary instruments of transfer etc in consultation with the Government Advocate in Mysore

3 It is understood that the initial expenditure of Rs 100 required for the school-farm will be provided for by the donor

4 Mr Thumboo Chetty's offer to provide an old building for the school will be accepted, and his proposal to build a new school if half the cost is paid by Govt will be reserved for consideration when funds become available
